

Mental Health Support Teams in Schools Epping Forest

Mind in West Essex, **Children and Young People Mental Health Support Team (MHST)** is here to support education settings in Harlow, Epping Forest and Uttlesford. We help to promote positive mental health within primary, secondary and higher education settings within these areas. Our MHST is part of the Government's Green Paper initiative; 'Transforming children and young people's mental health provision'.

In Secondary schools we focus on Adolescent Anxiety or Low Mood and the work is carried out directly with the young person. We deliver the "Mind and Mood" course which is always well received by students and teachers and we have a new course starting this year, "Managing your Emotions". We also run workshops and drop-ins for young people where appropriate.

We run regular parent workshops (online and in person) for Anxiety, Challenging Behaviour (at home) and Helping your Child Manage their Emotions, these are for parents to support their primary school age children.

For secondary school age children, we run parent workshops (online and in person) for Supporting Teenagers Emotional Wellbeing.

In consultation with education settings, we provide workshops for school staff too on a variety of well-being topics.

Our Epping Forest MHST have been in partnership with Roding Valley High School since December 2021. During this time, we have provided your Mental Health Lead, Tara Preston with our full support and delivering Mind and Mood Group Work.

Each education setting is allocated an **Educational Mental Health Practitioner (EMHP)**, in Roding Valley High School your EMHP is Rachael.

Rachael has just completed her postgraduate qualification at the University of Reading. The course was very intense and Rachael showed professionalism throughout. We are looking forward to seeing Rachael's wonderful work with your school.

"Hi, my name is Rachael, I am a Trainee Educational Mental Health Practitioner and I work at your school! I also work at other schools as part of your Epping Forest Mental Health Support Team, the schools I work in are;

❖ Roding Valley High School

- ❖ King Harold Business & Enterprise Academy
- ❖ Leverton Primary School
- ❖ Upshire Primary Foundation School
- ❖ Hillhouse Church of England Primary School

I love working with children and young people, especially to support them with their mental health and wellbeing. I offer a range of individual and group interventions, working with children and young people, and their

parents/carers, to support anxiety, low mood, and behavioural difficulties. A fun fact about me is that I love all animals and spending time with animals, especially my dog Archie. Spending time with animals makes me feel calm and happy! If you see me around, please give me a wave and if you feel like you need any support, please let myself or a trusted adult/teacher know."

To see what your local MHST are up to follow us on:

Our Vision
Essex to
where

is for West
be a place
people

talk openly and positively about mental health, and where everyone gets the support and respect needed to live well.

Please have a look at <https://www.mindinwestessex.org.uk/> we offer a wide range of further support for young people and adults.
