Roding Valley
HIGH SCHOOL

9th December 2022

Dear Parent/Carer

As part of our Challenge & Enrichment programme, students have expressed interest in creating a reusable water bottle to be sold and used at Roding Valley High School. In addition to the new water fountains on the school site, the aim is to reduce single-use plastic and therefore limit our environmental impact in our school and local community.

It is at this stage we would like to gauge interest from our school community. The bottles would be available through parent pay for £6.20, and available to collect from the school reception. The bottle would be 850mL and display the school logo.

Before placing the order, we would like to hear from you!

Please take the time to complete the very short survey to indicate if you would be interested/not interested in purchasing a bottle.
